

Enema Bag Set

McKesson Enema Bag Sets are designed to aid in patient colon health and help maintain digestive well-being. The 1500 mL enema bag features vinyl tubing with a prelubricated tip, as well as a castile soap packet, which serves as a soothing agent. Graduated scales and the translucent material help facilitate accurate measurement of fluids. The adjustable tubing clamp moderates the amount while the drape minimizes the moisture.

Features and Benefits

- Protective tip cover and moisture-proof drape to keep procedure clean and safe
- Disposable enema bag, castile soap packet and instructions available for use
- 60-inch tubing with pre-lubricated tip for non-traumatic insertion
- Graduated markings readable in ounces and mL for added convenience
- Individually packaged for single patient use
- Not made with natural rubber latex
