

## Adhesive and Non-Adhesive Foam Dressings

**Adhesive and Non-Adhesive Foam Dressings:** Primary or secondary dressing for wounds with moderate to heavy exudate. Hydrocellular foam dressings feature a layer that effectively absorbs wound drainage. Helps maintain a moist healing environment at the wound surface.

The adhesive and non-adhesive with film backing dressings feature a waterproof and breathable outer layer that protects the wound from outside contamination and prevents strike-through of exudate.

**Indications:** Wounds with moderate to heavy exudate.

**Contraindications:** Patients with a known hypersensitivity to the product itself or to its components.

**Change Frequency:** Change dressing as directed by a healthcare professional.

**Recommended Secondary Dressings:**

**Adhesive Foams:** n/a

**Non-Adhesive Foams:** Cover with an appropriate secondary dressing depending on the amount of exudate and frequency of dressing change or secure with medical tape.

### Satisfaction Guaranteed

If you are not completely satisfied with any McKesson Brands product, you may return it for a full refund or credit.

### Never Compromise on Care<sup>SM</sup>

With McKesson Brands, you'll never have to compromise. We deliver quality products at competitive prices, backed by our 100% satisfaction guarantee.
