Minor Procedure Kits and Trays

McKesson Minor Procedure Kits and Trays are designed to save time and reduce costs associated with in-house assembly and instrument reprocessing. Instead of creating storage space in your facility for numerous, individually packaged items which are pulled again and again for similar procedures, McKesson's Minor Procedure Kits and Trays are a single item pulled from one location.

Components are packaged in order of use, allowing clinicians to progress efficiently through procedures without having to search for missing instruments and components.

Not only are minor procedure kits and trays a cost-effective and convenient way to ensure clinical staff ready access to the supplies they need to provide immediate patient care, they also help promote and encourage consistent product usage and adherence to standardized procedures and protocol.

Packaged in easy-to-open rigid trays and CSR-wrap pouches to help ensure all equipment is safe and sterile. We offer single-use trays for tracheostomy care and skin-staple removal, as well as simple laceration, wound irrigation, and dressing change procedures. We also offer single-use kits for suture removal, and catheter and IV start kits.

Features and Benefits

- Helps promote standardized procedures
- Reduces costs associated with in-house assembly and reprocessing
- Saves time by having everything you need in one place
- Packaged in the proper order of use for maximum efficiency
- Encourages consistent product usage and adherence to protocol
- Reduces waste; helps keep picking errors to a minimum

Minor procedure trays help reduce the risk of infection. With fewer packages to open, the risk of aseptic mistakes is decreased.*

*Study performed by the German Institute for Workflow Management in the Health Care Service (IWIG) under the directorship of Professor Dr. rer. oec. Michael Greiling, 2009.

Satisfaction Guaranteed
 If you are not completely satisfied with any McKesson Brands product, you may return it for a full refund or credit.

Never Compromise on CareSM

With McKesson Brands, you'll never have to compromise. We deliver quality products at competitive prices, backed by our 100% satisfaction guarantee. We have decades of experience in the market, and we offer you support and work to help ensure you have the products you need, when you need them—making it even easier for you to provide the best care for your patients.
