

Soft Cloth Surgical Tapes

McKesson's soft cloth surgical tape is ideal for a variety of medical applications. The non-woven cloth material is soft, conformable and breathable for enhanced comfort. In addition, the excellent cross and diagonal stretch, paired with high adhesion, provides enhanced comfort and flexibility for lasting use throughout normal daily activities involving joint movement and flexing. The convenient perforation allows for a quick bi-directional tear. The tape is easy to use and apply even when wearing gloves.

Features and Benefits

- Perforated
- Conformable
- Breathable
- Gently removes from skin
- Spun-lace non-woven soft surgical tape
- Medical grade acrylic adhesive
- Leaves virtually no residue when removed from skin
